

# 10 EPIC REASONS to consider a career as a truck driver

## The Pathway For Your Future Starts Now

### 1 Truck Drivers Are In High Demand

As the industry continues to grow, the demand for transportation jobs will persist, ensuring job stability.

### 2 Work-Life Balance Is Possible

You can choose to be home every night, several nights a week, home on the weekends or over the road weeks at a time.

### 3 Truck Drivers Are Needed Everywhere

Whether you want to stay in your state or travel across the country for new adventures, truck driver jobs can be found in every state\*.

### 4 Play An Essential Role In The US Economy

Emergency supplies, groceries and construction materials are all items that are transported by trucks. We rely on truckers in our economy.

### 5 Truck Drivers Have High Earning Potential

You can make a good living as a professional truck driver without the need for a college degree. Factors such as routes, equipment, and experience determine your compensation.

### 6 Most Companies Offer Benefits

A 401k, health, dental and vision insurance, paid time off and bonuses are not uncommon. In some companies, your dog can even ride with you.

### 7 There Are Many Career Pathways

Trainer, instructor, mentor, management, or a role in the company safety department are all possible pathways and many more.

### 8 Obtaining A CDL Doesn't Require A Costly Degree

CDL school costs far less than a four year degree, there are payment and financing options and some trucking companies will reimburse you for your tuition.

### 9 It's A Great Way To See The Country

If sitting in an office isn't appealing to you, you are not alone. Becoming a truck driver can give you the freedom to have a flexible schedule and see new places.

### 10 Technology In Trucking Is Rapidly Advancing

Intuitive apps on smartphones and in-cab tablets are one of the areas where new technology is making a difference for truck drivers.

Your school offers hands-on learning and preparatory classes for careers in trucking.
