Let's Get Started!

We need more truck drivers, medium and heavy duty truck technicians and supply chain managers to keep our country moving! The growing trucking workforce shortage is reaching crisis levels. An aging skilled workforce is one of the main reasons. We must act now!

Next Gen Trucking Association (NGT) is led by volunteer industry professionals and members including students, teachers, schools, business professionals, industry carriers, and allied sponsors who all share the **common mission to promote trucking as a positive career choice**. One of our primary goals is to carve out career pathways for young people to get into the trucking industry. We need **educators and schools** to join forces with us so that we can create a diverse, talented, and skilled workforce for the trucking industry.

We can provide a fresh, up-to-date **curriculum and training program plan** for your school, field trip visits and assist in all facets of implementation and support. **Let's get started.**
